MEMORANDUM

TO: Members of the City Council
FROM: Greg Purcell, Chief of Staff
DATE: October 26, 1993
SUBJECT: City Utilities Citizen's Advisory Committee

Y-93-10-17
(as amended)

In December, 1989, the City Council adopted an ordinance creating the Citizens Advisory Committee for City Utilities. This group has not been active in some time; however, recent discussions with members of Council indicate that re-activating the committee may be a good way to explore options for privatizing all or parts of City Utilities.

The attached ordinance will repeal the original ordinance and create a 7-member committee. The purpose of the Committee will be to identify, review and make recommendations on opportunities for cost savings with the City's utilities operations, including privatization. The ordinance will also allow the Committee to utilize the services of a consultant to review utility operations and to prepare a proposal for competitive bids for privatization, but would exclude that consultant from bidding on a contract for privatization.

At it's initial meeting, we will ask the Committee to establish a schedule and make progress reports to the Mayor and the Council on at least a quarterly basis.

As always, should you have any questions regarding this proposed ordinance, feel free to call me at 427-1111.
